

# Technology Marketing Corp. (Mich) Principals

Panel PCs, Embedded Controllers (Aaeon Boxes), Medical Displays/Terminals, Rugged Tablet Computers, and SBCs.

Time-to-Digital, Time-of-Flight (TOF), Laser, Digital Strain-Gage, Cap. and Speed Sensor ICs

LED, Open Frame, Closed Frame, Encapsulated, Medical, External, DIN, and High Density Standard and Custom Power Supplies

8 and 32 Bit AVR uC, ARM uP, Wireless MCU; 8051 uC, AutoICs and Micro's; Touch Buttons, Sliders, and Wheel Sensors Serial Flash, Serial EEPROM, RFID ICs Parallel EEPROM, OTP EPROM

Fuses, MagJack Connector Modules, LAN Magnetics, Delay Lines, Homeplug, Resettable Fuses and Military Connectors

California Eastern Labs

RF, Microwave, Optoelectronic & Fiber Optic Semiconductors; Zigbee Radio Modules

A/D, D/A, and Codec Converters, Audio ICs for Digital Audio, Industrial, Communication, Automotive, Energy IC's, and Automotive Products

\*High Vol Low Mix Contract Manufacturing and Design Services.

\* Low Vol High Mix Contract Manufacturing

Resistive Touch Screens, Rubber Keypads, Graphic Overlays, and Membrane Switches

Optical Filters and Components used for Enhancement of LCD and TFT Displays

Stand-alone and Embedded Magnetoresistive Random Access Memory (MRAM) and integrated magnetic sensors

Power Conversion Semiconductors, Hexfets, IGBTs, Intelligent Power Modules, IRAM, Hi-Rel Aero and Space ICs

LDO/Switching Regulators, Power Controllers, Op-Amps, Power Drivers, High Speed Logic & Ethernet/USB/PCMCIA ICs

NEC LCD Technologies / Renesas: Elec. Am. Industrial and Medical TFT Displays

Capacitors, Resistors, Thermistors, Varistors, Magnetics, Inductors, Ferrites, and Diodes

Embedded and Single Board Computers

SD, MMC, CompactFlash, SATA/PATA Cards, USB Flash Drives, DRAM and Flash Memory

Mono LCD Panels, Graphics LDC Modules, and Character LCD Modules
